MAKE YOUR RIDES
SAFE & SOUND

1. EASY!

2. QUICK!

3. SAFE!

• **Listen to music and communicate hands free:**

- Ride safer and keep your hands always on the handlebars! Control buttons directly on the headphones!
- Ride without breaks and do your phone calls, communicate or listen to music during riding!
- Ride longer and stay motivated thanks to our comfortable and safe sound system! No slipping or falling out headphones, no tangled cables anymore!

• **Sound by JBL:**

- Ride always with high quality sound, guaranteed by our cooperation partner JBL!

• **Versatility:**

- Save money and use our headphones beside your Earpads also in our big collection of Earebel headgear!

Together with TSG, Earebel takes the next step forward and offers a system that combines helmets and Bluetooth® headphones to a completely new concept.

SMART PROTECTION AUDIO TECHNOLOGY.

The new universal helmet pads make it possible to

integrate Earebel headphones with "Sound by JBL" into various sports helmet. Now it is possible to experience **Radical Sound Comfort** or communicate in an intelligent and safe way while wearing a helmet and doing your favourite sport.
